by ROMO

# A journey of colour

A beautiful medium of inspiration, colour is everywhere and forms our perception of the world around us. An emotive subject, the symbolism of a colour can conjure a memory or association that influences how we feel. A journey of discovery, our colour choices define who we are, offering a playful form of self-expression.

Discover a palette of endless possibility; in a compelling display of over 360 shades, our iconic Linara brushed cotton linen offers an unrivalled spectrum of colour that allows a freedom of expression and individuality. Bold primaries, soft pastels and timeless neutrals are all considerably curated to create a sophisticated library of desirable shades.

A highly acclaimed quality, Linara remains a go to plain that offers style and versatility along with practicality and durability. This washable linen union has an exceptionally soft, peach-skin like finish that exudes an indulgent quality not only in texture but also appearance.

Bold and vivacious or understated and demure, colour and texture can create an evocative atmosphere that has the power to soothe our mood or uplift our spirits.
